

DUTCH WATER DREAMS

Dear sport friends,

Registration

Since registration for the pre-worlds is open, the following countries has signed in:

Men: Belgium, Czech Republic (2 teams), Italy, Japan, Turkey.

Women: Czech Republic (2 teams), Norway (2 teams), Turkey.

For those who did not yet registered, on behalf of Dutch Water Dreams Zoetermeer and the Dutch Rafting Federation (NRB), I hereby would like to invite you for the Pre-worlds rafting R4 2009 from October 22-25 2009 in the Netherlands. Please visit website for the application form and outline event description.

Participation Dutch rafting teams

On September the 24th and 25th Dutch Water Dreams will be the host of the first out of two selection races for the Dutch Championship rafting R4. The four best men's and women's teams will participate on the pre event.

In March 2010 the Dutch delegation for the WRC 2010 will be known. The four finalists from the first selection race will run for the title Dutch Champion R4.

Coast rafting

In all likelihood, an additional discipline will be added to the pre event. On the Sunday afternoon the whole pre-worlds will move west to Scheveningen to race a coast rafting discipline. Keep this in mind for your travel schedule, check the latest program on our website www.wrc2010.nl. More details later!

Photo finish

First in World Rafting Championships: photo finish! The pre event will be a test case for photo finishes. Next to the photo finish is also electronic clocking. We will not miss a thing! If photo finish is successful, it will also be applied during the WRC 2010.

DUTCH WATER DREAMS

Safety

The current configuration will be adjusted to make the pre event white watercourse more technical and spectacular. The WRC organising committee will provide what is within the capability to make it also a safe event. Please take your responsibility as athlete by ensuring that your lifejacket and helmet are correct and safe!

If you have any questions regarding the above, please feel free to contact us by details below. We look forward to welcoming you all during this first artificial pre-worlds event!

On behalf of the project management 2010,

Kind regards,

Rob van Duijn
